

**BOSCH**

Invented for life

## Notice of Collection

In completing this form you have provided us with personal information. Your personal information will be used for the purpose of the recruitment and selection for relevant roles within the Bosch Group. If you are employed by the Bosch Group, your data will be transferred to our Human Resource Information Systems.

We only use personal information for the purpose for which it was given to us, or for purposes which are directly related to one of our functions or activities. Without your personal information we may not be able to supply those services or we may be restricted in the way those services can be supplied. We do not give it to third parties outside the Bosch Group other than in limited circumstances such as where the third party is engaged by Bosch to assist with conducting the activities for which the information was collected.

As a leading global supplier of technology and services, the Bosch Group operates main data centres in Germany, Singapore and China, among other places. Personal data may be stored in any of these data centres. We may also store your information in cloud or other types of networked or electronic storage. Where it is practical to do so, we have listed the countries in which those overseas organisations are located in our [Privacy Policy](#).

Our privacy policy contains information about how you may access your personal information and seek correction of such information; as well as how to complain about a breach of the Australian or New Zealand Privacy Principles and how we will deal with such a complaint. View our [Privacy Policy](#).
